MANAGEMENT
BASIC, PROFI, PREMIUM
Feed management system for recording the entire feeding process, including extensive documentation

[V-CONNECT DAIRY FEEDER]

SYSTEMATIC FEED MANAGEMENT

⌄

Digital solution for daily use

The V-CONNECT Dairy Feeder supports you to track your feeding costs on your farm. In addition, potential savings are quickly identified. Whether it's feeding plans, detailed feeding reports, or loading and feeding times, the system provides farmers with all relevant reports – accurately documented at all times for planning and control on the farm.
